Database: MySQL

PROJECTS

Title: car popularity prediction A Machine Learning Approach

Role/Responsibility: Team Member

Team Size: 5

Abstract: Name of the project is Car Popularity Prediction: A Machine Learning Approach. The goal of this project is to predict the popularity of cars based on various features using machine learning techniques. This involves collecting data, visualizing it, training a model, and making predictions. We use supervised learning, specifically Support Vector Machines (SVM), to make accurate predictions.
